

RAISES STORM  
AMONG SOLONSLawmakers Dislike Selection of  
Regional Bank Centers.

## MAY AMEND CURRENCY ACT

Many Senators and Representatives  
Are Displeased at Location of Some  
of the Twelve Financial Institutions.  
Some Favor Designating by Law  
Where Such Banks Shall Be Es-  
tablished.Washington, April 4.—A storm of  
disapproval was raised among sena-  
tors and representatives by the an-  
nouncement of selection of regional  
bank centers. Probably no act of the  
administration has aroused so many  
protests, regardless of party lines.As a result it is not unlikely that  
legislation will be introduced in one  
or both houses of congress to amend  
the currency act and designate by law  
the locations of regional reserve  
banks. If this is done there will be  
changes in the list of reserve centers  
designated by the organization com-  
mittee.In the senate the feeling was par-  
ticularly intense. Senators agreed that  
congress ought to take the matter in  
hand and correct alleged injustices by  
law.Senator Burton said that he was  
glad that at Cleveland, his home city,  
had been selected for one of the regional  
banks, but he expressed surprise at  
some of the work of the committee.  
Senator Weeks, who supported the cur-  
rency bill, made a statement criticiz-  
ing the work of the committee as  
grossly unfair.Many senators insisted that poli-  
tics had entered into the selection  
and there was considerable resent-  
ment shown because New Orleans  
had been omitted and Atlanta and  
Dallas chosen as reserve centers.

## Louisiana Men Are Peeved.

Members of the Louisiana delega-  
tion declared that New Orleans was  
being punished because of the atti-  
tude of the Louisiana delegation to-  
wards the tariff bill and other ad-  
ministration policies.In the closing days of the work of  
the organization committee, when  
many cities were struggling to be  
made reserve centers, Postmaster  
General Burleson and Senator Smith  
pooled issues and their combined in-  
fluence was too powerful for New Or-  
leans.Senator Hitchcock of Nebraska an-  
nounced that he would file a formal  
protest against the decision to have  
Omaha placed in the district of  
which Kansas City is to be the re-  
gional center. Senator Hitchcock  
pointed out that 90 per cent of the  
bank clearances of Omaha were  
through Chicago banks and that 90  
per cent of the commercial business  
of Omaha was with Chicago.There was much criticism of the  
fact that two regional bank centers  
were located in Missouri, while the  
great region west of Kansas City was  
ignored. The failure to select either  
Denver or Seattle aroused much re-  
sentment among the Western men.The choice of Richmond, Va., as a  
location for a regional bank to the  
exclusion of Washington or Balti-  
more was criticised generally. It was  
credited to the influence of John  
Skelton Williams, comptroller of the  
currency, whose home is at Rich-  
mond.

## MILWAUKEE MEN COMPLAIN

Dislike Part of Wisconsin in Min-  
neapolis District.Milwaukee, April 4.—Milwaukee  
bankers and business men are up in  
arms because part of Wisconsin has  
been placed in the Minneapolis dis-  
trict of the federal reserve system.  
They declare that if Wisconsin bank-  
ing goes to Minneapolis business will  
go in the same direction."The division of Wisconsin in the  
new federal reserve system is an out-  
rage," said President J. W. P. Lam-  
bard of the National Exchange bank.  
"The organization committee ap-  
parently juggled the names of cities  
in a hat and pulled out at random.""All the testimony at the hearings  
was to the effect that Wisconsin  
should be tributary to Chicago.""The business men of Milwaukee  
and the bankers should get together  
to make a strong protest against this  
division."

## GREEKS ATTACK ALBANIANS

One Town Reported to Be in Flames  
and Many Persons Killed.Vienna, April 4.—A report was re-  
ceived here from Avlona, Albania, that  
Greek irregular forces were fiercely at-  
tacking Korista and other towns on  
the Argyo-Castro and Korista line.  
Korista was reported to be in flames  
and many persons were said to have  
been killed.

## BRYAN REPORTED IMPROVED

Secretary of State Suffering From a  
Severe Cold.Washington, April 4.—Secretary  
Bryan, who was unable to leave his  
bed, was reported improved. His  
physician has ordered a few days of  
rest, however, and he is now expect-  
ed back at his desk Monday. The sec-  
retary has a severe cold.GOVERNOR WEST

tradite North Dakotan.

## CHARGES OF JURY BRIBING

McLain Cooper Will Not Be Returned  
to Grand Forks to Face Charges  
Growing Out of His Acquittal for  
Murder—Says Bailiff's Acts Make  
His Statements Unworthy of Credit.Grand Forks, N. D., April 4.—Mc-  
Lain Cooper of Hood River, Ore., will  
not be returned to North Dakota to  
face a trial here on charges of bribing  
the jury that acquitted him of murder-  
ing J. F. Ross, Governor L. B. Hanna  
received telegraphic advices from  
Governor West of Oregon to that ef-  
fect, the Oregon executive holding  
that insufficient evidence has been  
produced. Governor Hanna commu-  
nicated the message to local officials."In view of the developments in  
the McLain Cooper case, which dis-  
close J. A. Sullivan's criminal acts  
while in this state and make his state-  
ments unworthy of credit, I believe  
the requisition should not be honor-  
ed," said Governor West's telegram.  
Sullivan was court bailiff at the trial  
and has brought charges of bribery  
involving Cooper and others.Governor West takes the view put  
forth by Cooper and his attorneys and  
testified to by W. H. McGruder at  
Portland, that the alleged conversa-  
tion between Sullivan and Cooper at  
Portland Jan. 24 was faked. McGruder  
testified that he, not Cooper, was  
the second party to the conversa-  
tion and that he had gone to Sul-  
livan's room at Sullivan's request.R. W. Bradfield, a detective of St.  
Paul, testified in the hearings of  
Tracy R. Bangs and J. C. Mahon, al-  
leged jury bribers, that he overheard  
several conversations, especially ar-  
ranged as traps for suspected bribers,  
with J. A. Sullivan, the McLain Cooper  
trial bailiff, as the other party.In several conversations with Tracy  
Bangs, Bradfield testified that Bangs  
repeatedly told Sullivan that he had  
no knowledge of any settlements made  
between himself and Sullivan relative  
to work on the jury and that he knew  
nothing of any deals alleged to have  
been made between J. C. Mahon and  
Jurymen Stevens and Bruyere.

## WEDGE IS FAIR TREASURER

Northern Minnesota Man Will Suc-  
ceed A. H. Turrittin.St. Paul, April 4.—The state fair  
board elected A. G. Wedge, Jr., of  
Bemidji treasurer of the State Agri-  
cultural society to succeed A. H. Tur-  
rittin of Sauk Rapids, who resigned  
to become state superintendent of  
banks.Mr. Wedge is vice president of the  
First National bank of Bemidji and  
treasurer of the Northern Minn-  
esota Development association. He for-  
merly was treasurer of the State  
Bankers' association and secretary of  
the Ninth District Bankers' associa-  
tion. He is a member of the immigra-  
tion commission of the Northern Min-  
nesota Development association and  
has been active in that line of work.

## SLAYS WOMAN AND HIMSELF

Chicagoan Believed Angered When  
She Refused to Wed.Milwaukee, April 4.—George H.  
Shields of Chicago shot and killed  
Mrs. Cella Lynch, formerly of Chi-  
cago, supposedly because she refused  
to marry him, and shot himself, fall-  
ing across the murdered woman's  
body. It is not known at what time  
the crime was committed. The body  
was found by a relative of the woman,  
who stumbled over the corpses when  
he went to make a call.

FIGHT FRIGHTENS  
TWO PERSONS TO DEATH.Worcester, Mass., April 4.—  
Patrick Eagleton, seventy years  
old, and Mrs. Dennis Arsenault, six-  
ty years old, of Spencer, Mass.,  
dropped dead from a fight in the  
street as they witnessed a three-  
cornered fight between Martin Nieder-  
berger, a chauffeur, and Stanley Orutt  
and Charles Bannon, employees  
of a cereal company, who were  
distributing samples in the  
town.

## SUBMARINE HITS GUNBOAT

Coolness of Crew Prevents British  
Craft From Sinking.London, April 4.—While rising after  
having been submerged during a sham  
attack off Harwich, Essex, submarine  
C2 struck the propeller of a gunboat.  
The periscope and part of the conning  
tower of the submarine were torn  
away by the impact and only the cool-  
ness of her officers and crew pre-  
vented her from sinking.

## JULIA FLAKE.

Girl Who Figures  
in Murder Tragedy.

## HIGGINS TO PLEAD GUILTY

His Stepdaughter May Escape Prose-  
cution.Galesburg, Ill., April 4.—Robert Hig-  
gins, charged with killing his wife so  
that he could marry his stepdaughter,  
Julia Flake, has decided to plead  
guilty. State's Attorney John M. Wil-  
son announced.Julia Flake, the fifteen-year-old step-  
daughter, may escape prosecution.CONFIRMS DANIELS  
AFTER HARD FIGHTSome Senators Are Opposing  
Executive Sessions.Washington, April 4.—Nine members  
of the senate, headed by Senator La  
Follette, openly revolted against pro-  
ceedings behind closed doors after an  
executive session in which the sena-  
te, by a vote of 36 to 27, confirmed  
the nomination of Winthrop M. Dan-  
iels of New Jersey to be a member of  
the interstate commerce commission.Senator La Follette said on the floor  
that he purposed defying the rules of  
the senate in the future and to dis-  
cuss publicly legislation not affecting  
foreign relations, and later it was an-  
nounced that Senators Clapp, Bristow,  
Cummins, Kenyon, Norris, Jones and  
Gronous (Republicans), and Poinde-  
exter (Progressive), would maintain the  
same attitude.The revolt created something of a  
sensation and there was much specu-  
lation as to the effect it would have  
upon future executive sessions. The  
general opinion was that there would  
be no attempt to take action against  
members who disregarded the rule of  
secrecy.Confirmation of Commissioner Dan-  
iels closed a three-day fight, marked  
by one of the bitterest debates heard  
at the Capitol in years.

## PREPARES FOR DISSOLUTION

Temple Iron Company Will Sell Prop-  
erties of Subsidiaries.Philadelphia, April 4.—In compli-  
ance with the decree of the United  
States supreme court ordering the dis-  
solution of the Temple Iron company  
and the sale of its properties notice  
was issued asking for proposals to be  
submitted by April 30 for the purchase  
of the seven properties.According to the court's decree  
properties were acquired by the  
Temple Iron company in violation of  
the anti-trust law.

## \$15,000 ROBBERIES REVEALED

Thefts of Valuable Parcel Post Pack-  
ages Are Blamed to Three Men.Buffalo, N. Y., April 4.—Thefts of  
parcel post packages valued at \$5,000  
were disclosed after the arrest of three  
men here. The proprietor of a large  
mail order house, which was the prin-  
cipal loser, says the loss during the  
last year will reach \$15,000.The men under arrest are Paul Mil-  
ler, twenty-eight years old, employed  
at a postoffice substation; Bert Wil-  
son, twenty-four years old, a street  
car conductor, and Edward Harring-  
ton, forty-three years old, a carpenter.

## ASKS RELEASE OF LEADER

Petition for Habeas Corpus Writ for  
"Mother" Jones.Denver, April 4.—A petition for a  
writ of habeas corpus in behalf of  
Mother Mary Jones, aged strike lead-  
er, held as a military prisoner in the  
county jail at Walsenburg, Colo., was  
tendered to the supreme court by  
Horace N. Hawkins, attorney for the  
United Mine Workers of Amer-  
ica. The court will decide at a later  
date whether to entertain the suit.During the incarceration of Mrs.  
Jones in a hospital at Trinidad ap-  
plication for a writ of habeas corpus  
was made to the supreme court, but  
denied on the ground that the lower  
court should pass on the case.TOLLS THE BASIS  
FOR COMING FIGHTLeadership of House Involved  
In Panama Question.

## CLARK'S POSITION IN DOUBT

Speaker's Opposition to Administra-  
tion's Measure May Mean Defeat In  
Next Congress—Underwood's Suc-  
cessor as Majority Leader Not Yet  
Chosen, but Possibilities Loom Up.

By ARTHUR W. DUNN.

Washington, April 4.—[Special].—  
House leadership may be involved in  
the fight that occurred over Panama  
canal tolls. There are now two impor-  
tant places in the house, the speaker-  
ship and the chairmanship of the ways  
and means committee.Oscar W. Underwood will not be in  
the next house, but the next ranking  
man on the committee of ways and  
means is Claude Kitchen of North Car-  
olina, who has stood with Underwood  
against the administration on the Pan-  
ama canal question.In all probability, Champ Clark will  
be in the next house and will be a  
candidate for speaker. The interesting  
question arises whether some ambi-  
tious Democrat who supported the  
Wilson policy in regard to Panama can-  
al tolls will oppose Clark for speaker.

## Kentucky and Texas Men.

Looming up as administration lead-  
ers in the house are Sherry of Ken-  
tucky and Henry of Texas. Henry had  
speaker's ambitions heretofore, and  
Sherry desired to be among the lead-  
ers and at one time thought that he  
should have had the chairmanship of  
the committee on appropriations. If  
the break between Clark and his close  
followers on one side, and the admin-  
istration and its adherents on the other  
should continue so as to split the party  
the Sixty-fourth congress will witness  
a most interesting fight in the Demo-  
cratic party for house control and lead-  
ership.

## Win the First Bout.

Congressman Gardner of Massachu-  
setts is one of those men who believe  
that the fellow who wins the first  
trick or the first heat or takes the first  
place in any contest is destined to con-  
quer. In every fight Gardner believes  
that winning the first round is a great  
advantage. And that is the way he  
conducts his congressional battles. Get  
in the first blow, take every advan-  
tage, win whenever you can, is the  
way the Massachusetts congressman  
makes his fights. "Get what you can  
when you are getting it," was the max-  
im of a southern man I once knew, and  
Gardner seems to be carrying it out.

## Getting Even With Frear.

Several members of the house did  
not like the criticism which Congress-  
man Frear of Wisconsin made in con-  
nection with items in the river and  
harbor bill. At one point Congress-  
man Humphreys of Mississippi spoke  
of the wonderment he had at the  
mental process of the Wisconsin man.  
"I can only explain it," said Hum-  
phreys, "on the old theory announced  
by an ancient prophet—that man is  
fearfully and wonderfully made."A little later Congressman Boober of  
Missouri was pitching into Frear, and  
the Wisconsin man asked if Boober  
would yield so that he might explain."No," said Boober. "The gentleman  
has occupied three or four days ex-  
plaining, and he has not done it yet,  
and he never can explain."

## What Daniels Expected.

Joseph Daniels confided to me the  
other day that when he became sec-  
retary of the navy he looked forward to  
days when he could watch the congress-  
ional debate. Daniels was at one  
time chief clerk of the interior depart-  
ment under Hoke Smith, now senator  
from Georgia, but being a subordinate  
at that time, he never had an oppor-  
tunity to watch congress in action.  
But when he became secretary of the  
navy and his own boss, so to speak, he  
felt that he would have an opportunity  
to take in the debates."But I find I haven't any time to  
spare," said Daniels on his way to the  
capitol to listen to the canal tolls de-  
bate. "All my time is occupied."

## We Cannot Always Tell.

About twenty years ago Gilbert A.  
Pierce, then a senator from North Da-  
kota, told me that Dr. Mary Walker  
was dying in a hotel in Washington.  
He bemoaned her fate and spoke of  
the great work she had done in spite  
of her eccentricities, and yet only a  
day or two ago I saw pictures of Dr.  
Walker indulging in the tango and other  
dancing steps which are so popular  
at this time. She can be seen almost  
any day at the capitol or on the streets  
of Washington, while poor Gil Pierce  
has been in his grave many and many  
a year.

## Restricting Dangerous Drugs.

Senator Williams of Mississippi called  
attention of the senate to the fact  
that there was on the calendar and had  
not been considered a bill for the regu-  
lation of sale of cocaine and mor-  
phine. That bill means a great deal  
to the people in this country, espe-  
cially in the south, where prohibition  
has gained such headway. The ne-  
groes who can no longer get all the  
liquor they want have taken up the co-  
caine habit, and complaints are made  
that unless the sale of cocaine is re-  
stricted serious trouble will result.

## Faults.

The faults that we see in others  
should teach us to look for them in  
ourselves.—Albany Evening Journal.

## LEO M. FRANK.

Condemned May May  
Be Innocent of Crime.

## BELIEVES FRANK INNOCENT

Detective Burns Probes Murder of  
Factory Girl.Chicago, April 4.—William J. Burns,  
the detective, declared here that he  
knew who murdered Mary Phagan,  
the girl for whose death Leo M. Frank  
is under sentence of death.  
Whether the murderer is Frank or  
some one else, in his opinion, Burns  
would not say, but he intimated that  
from his investigations and the con-  
clusions of the coroner's jury, he be-  
lieved Frank is not the sort of man  
capable of making the attack on the  
girl."I cannot anticipate my report,"  
said Detective Burns. "The murderer  
of Mary Phagan is known to me and  
he can't get away.""I will say that in my opinion Frank  
will not hang on April 17 for the  
murder of Mary Phagan. I believe  
the supreme court cannot ignore the  
evidence we have gathered."Frank was superintendent of a pen-  
cil factory in Atlanta. April 27, 1913,  
Mary Phagan, an employee of the fac-  
tory, was found dead in a room in the  
plant. Frank was accused of the  
crime, arrested and convicted mainly  
on the testimony of a negro employe  
of the factory.MURDERS FOUR AND  
SETS FIRE TO HOUSEUnknown Man Kills Woman and  
Three Children.Little Rock, Ark., April 4.—An un-  
identified assassin, armed with an  
axe, murdered Mrs. Elihu Francis and  
three of her children in their home  
near Pendley, Clark county, having  
previously set fire to the house, ac-  
cording to reports received here.Mr. Francis, the husband and father,  
and a fourth child narrowly es-  
caped the same fate as that of the  
other members of the family.According to statements made by  
Francis he was awakened by the bark-  
ing of his dog, to find his house in  
flames.About this time, Francis said, he  
saw the assassin enter his wife's  
room, carrying an axe. Believing the  
intruder was searching for him Francis  
said he ran into the yard in an ef-  
fort to draw the man away from the  
house, but the slayer remained and  
killed Mrs. Francis and the three  
children, who ranged in age from two  
to six years.Francis stated he then ran to the  
house and the assassin disappeared.  
The flames by this time had com-  
pletely enveloped the house and he  
was unable to enter the room where  
lay the bodies of his wife and chil-  
dren.He succeeded, however, in rescuing  
the one-year-old baby from another  
room. Bloodhounds have been sent  
to the scene from this city.

## QUARREL, THEN TWO DIE

Young Woman and Employer Killed  
Following Dispute.Peabody, Mass., April 4.—Pearl  
Frost, housekeeper for Walter P.  
Hills, and George Lefave, a chauffeur,  
who had been paying attention to her,  
quarreled and both the young woman  
and her employer were shot and killed.  
Lefave was arrested, charged with  
murder.The shooting took place at the Hills  
home. Lefave had called to see Miss  
Frost. When loud tones were heard  
Mr. Hills hurried to investigate. As  
he opened the door three shots were  
fired and Miss Frost fell to the floor  
dead. Hills rushed toward Lefave,  
who fired three shots into Hills' body.  
He lived about an hour.

## Bandits Rob Depot Again.

Minot, N. D., April 4.—The Soo sta-  
tion at Drake, N. D., fifty miles south-  
east of this city, was held up by mask-  
ed bandits who covered Agent A. R.  
Spielberger with guns and procured  
the cash box, which contained about  
\$61.60. The robbers escaped.DENIES TORREON

## BANKER'S SLAYER HANGED

Bandit Pays Penalty With Life for  
Murder.San Quentin, Cal., April 4.—Thomas  
Green was hanged here for the murder  
in January of Willis A. Bowles,  
cashier of the Palo Verde bank, at  
Blythe, Cal.Green was not the man's true name,  
which he obstinately refused to give.  
He and a partner, both cowboys, tried  
to hold up the bank. The cashier  
bolted from a rear door of the bank  
and Green shot him as he ran. He ex-  
onerated his partner from any share  
in the murder.

## ENFORCEMENT COST IS LOW

Receipts of Dakota Pure Food De-  
partment Are \$18,315.Bismarck, N. D., April 4.—It cost  
\$3,685 to enforce the pure food and  
sanitation laws of North Dakota dur-  
ing the past year, according to the  
report of Commissioner E. F. Ladd.Professor Ladd shows that the to-  
tal expenditures from the department  
are \$22,000 and that the total receipts  
from the beverage and food registra-  
tion act are \$18,315.

## RURAL CREDITS BILL READY

Measure Will Be Introduced in Both  
Houses of Congress.Washington, April 4.—Finishing  
touches are being put on the proposed  
rural credit bill, which the adminis-  
tration forces in congress hope to  
have passed at this session. The in-  
dications were that the measure  
would be ready for introduction in  
both houses early next week and its  
framers expect it to meet little op-  
position.

## The Main Question.

jury."

DESTROY MISSION.Perth, Australia, April 4.—It  
is reported that the blacks

River mission and murdered

## DULUTH GIRL ENDS LIFE

Had Been Forbidden to Keep Com-  
pany With Young Man.Duluth, April 4.—Because her moth-  
er had refused her permission to keep  
company with a young man, Esther  
London, fifteen years old, committed  
suicide by drinking most of the con-  
tents of a bottle of carbolic acid. She  
died later, almost three years after her  
father had committed suicide by  
drinking carbolic acid. The girl left  
a note for her mother, explaining her  
motives.

**UNION PACIFIC OFFICIALS**

Visit Brainerd Yesterday, Inspect the Shops and Foundry—Are on Tour of Northwest

A party of Union Pacific railway officials touring the Northwest and examining into railway methods and conditions, were in the city Friday, escorted by W. H. Wilson, assistant to First Vice President George T. Slade, of the Northern Pacific railway.

They visited the shops and the foundry and also had time to see quite a little of Brainerd. Mr. Wilson commented on the progressive appearance of Brainerd and referred especially to the Iron Exchange building, which he considered one of the best business blocks for its size of any city in this territory.

Mr. Wilson mentioned the electric sign and said that Pascoe, Washington, had a big electric sign, one side displaying the word "Welcome" and the other reading "Kismet." He thought the idea of an electric sign in Brainerd was a good one.

It was near the dinner hour and an inviting table had been set in Car No. 11 and the Union Pacific men, having breathed in the ozone

of the famous Minnesota air, found their appetites had been whetted by their walk through the shops and about town.

"Brainerd is a good town," said one of them, as he took a last look of our fair city and the train sped on to St. Cloud, where the party will inspect that city and its activities.

## WILL APPEAL TO SUPREME COURT

Decision of Judge Stanton on Veto of Gas Franchise to be Carried to Higher Court

## HAVE NEW FIRE ORDINANCES

Fourth Lot in City Hall Site Bought from George H. Gardner at Cost of \$200

The council meeting Friday evening, an adjourned session, was divided into two sections, business and police matters and the two will be treated separately, this review being devoted to the business end of it.

All members of the council were present. To expedite matters for the coming regular session next Monday, the minutes of previous meetings were ordered read and they were ordered approved as read.

A report was made regarding the collection of donations to the fund for putting in paving at street intersections along North Sixth street. All had been collected with the exception of \$50 and this, said the city clerk, would soon be collected.

The contract with the Northwest Telephone Exchange company for the installation of four stations for a police call system was approved by the council.

The mayor, R. A. Henning, in a talk to the council, said he favored the police call system and had always advocated it. On motion, the mayor and the chief are to designate the location of the four stations.

Attorney F. E. Ebner was appointed special counsel to represent the city in the telephone case pending in the state supreme court. There was some discussion over the appointment, some thinking the city attorney should do the work and others asserting the city attorney had enough on his shoulders without giving him the additional labor. An aye and nay vote was called for and with this result:

Ayes, Aldermen Mahlum, Stallman, Smith, Hess, Gailupe and Lagerquist. Nays, Aldermen Peterson, Anderson, Betzold and Haake.

City Clerk Roderick read the decision of Judge C. W. Stanton in the so-called gas franchise case in which the veto of the mayor was declared to be of no force.

On motion of Alderman Haake and Betzold it was moved to appeal the case to the state supreme court, and all voted aye.

To the city hall site of three lots on the northeast corner of Fifth and Laurel streets is now to be added a

fourth lot, and to the owner, George H. Gardner, was ordered paid \$200 for the lot, all voting aye.

Alderman Mahlum inquired about the proposed railway crossing light in West Brainerd and the city clerk reported nothing had been heard from the railway company.

Alderman Anderson reported a defective culvert near 14th and Oak, hole in the street near 15th and Woodward, a place on 16th street to be filled in.

The opening of South Fifth street, now blocked by the hose house, is a matter soon to be acted on by the council and the members last night, in their discussion, favored such a course. The Northern Pacific railway wanted \$1 for lease of the ground on which the hose house stands, but the city owning the street, it would appear that the railway company's supposed lease has not much standing. When the city hall is built, the fire team will need Fifth street to make a straight shoot to the north side. On motion the \$1 rental was not paid the railway company.

A cigarette license was granted to W. H. Cleary. The transfer of a cigarette license from R. R. Wise to O. H. Johnson, proprietor of the Ransford hotel, was granted.

Two fire ordinances covering recommendations from the state fire marshal's office and providing for inspection of buildings, streets and alleys and pay for inspecting the same, were referred to the fire committee.

The point brought up was the salary question for the inspection work. A dollar a day was deemed starvation wages, and others thought \$1 an inspection too high. The work of inspection is to be in the hands of the fire chief and assistants and reports are to be made regarding inspections and time consumed in making them.

Alderman Mahlum reported that the \$75,000 principal and \$3,025 premium of the city hall bonds had been received by the city and the money was now at the First National bank.

What to do with the \$3,025 worried

## POLICE MATTERS AIRED LAST NIGHT

Mayor R. A. Henning and the Discharged Policeman Chris Mattson Make Statements

## VERY MUCH VERBAL ARGUMENT

Motion to Have Executive Session Set Aside and a Public Discussion Takes Place

After the council concluded its business session Friday evening, the decks were cleared for a discussion of police matters and the eager audience, which had patiently held down its seats for this event, craned their necks and drank in every word of the proceeding.

The city attorney, D. A. Haggard, said he was at a loss what to do in a situation like the one at present. There was no action that the council could take reviewing the discharge of the former officer, Chris Mattson, by the mayor, R. A. Henning. Of course, said the city attorney, there was nothing to prevent the mayor night from 12 to 2 and it was not an and for Mr. Mattson to present his story.

Alderman Peterson asked what authority the council had in the matter.

The city attorney said in substance that the council had no right to butt in.

"The council has the right to remove an officer after a hearing," said Mr. Haggard. "He must be given due notice."

President of the City Council C. A. Lagerquist mentioned stories told him about the action of officers in the city. One officer, said he, had been asked to do something for a citizen and responded that he had no time, because he had to get his mother-in-law (the policeman's relative) from a train. Another officer, said he, had seen coal taken and had made no arrest. Mr. Lagerquist said he was often down town at night from 12 to 2 and it was not an unusual sight to see Officer Mike Setula down in the business section.

"What is Mike Setula, whose beat is in Southeast Brainerd, doing down in this end of town?" asked Mr. Lagerquist.

"The chief today does not know any more about his men than I do," said Mr. Lagerquist. He said further that if anything came up the men reported to the mayor and not to the chief. Such reports of police procedure, said Mr. Lagerquist, were current on the streets.

"A couple of officers of Brainerd have made the remark," said Mr. Lagerquist, "that they would get me, and the two are still on the force. If they want me they can take me. I have lived here 36 years. I have paid more taxes than any police officer. They don't need to tell any people about taking me. Such stunts in talking are pulled off by men who have barely established their citizenship."

The mayor asked what the pleasure of the council was in the investigation.

Alderman D. A. Peterson suggested going into executive session.

Mayor Henning, in reply, stated that he wanted a public investigation. He said that nobody was responsible for the police department to the council except himself. He was ready to go ahead.

Officer Scott said he would like to have all the officers investigated.

Mayor Henning said the interests of the city were at stake. The matter had gone too far and it should

## PILLAGER HAS HEAVY FIRE LOSS

Special to Dispatch:

Pillager, Minn., April 4—The entire main business section of Pillager, 14 miles west of Brainerd, was destroyed by fire at 2 o'clock this morning.

The E. D. Bacon department store, four buildings and their entire stock of hardware, groceries, farm implements, undertaking, dry goods, etc., were destroyed, the loss being over \$25,000. The Woodmen hall was on a second floor of one of the buildings.

The saloon of William Coe was also a total loss of about \$2,000.

The residence of E. D. Bacon near the store was saved.

Ed Romberg, manager of the store, saw the blaze at about two o'clock in the morning. At that time the saloon, in which the fire is believed to have started, was entirely consumed.

Romberg ran to the store to save the cash register and books, but before he could enter the building the roof crashed in.

The Pillager postoffice was located in the Bacon store, Mr. Bacon being postmaster, and the books, records and mail was all consumed.

This business section of Pillager was on the Main street, running south of and parallel to the Northern Pacific railway tracks.

The cement block building of the First State bank of Pillager was damaged by the fire. The intense heat caused the outer shell of cement to fall from the east wall, exposing the air space between the blocks. The roof of the bank was badly scorched. The interior of the building was not damaged.

not be handled in executive session or by a committee.

Alderman Peterson said he believed the council had nothing to do with the whole discussion.

Alderman Lagerquist said he understood Mr. Mattson wanted to be vindicated.

Alderman Mahlum suggested that Mr. Mattson and the mayor come to an agreement to let the affair rest and the council would drop it.

The mayor replied that at the last meeting of the council he had agreed to the investigation and said he was willing to go ahead.

Mr. Mattson said there should be an investigation. He had committed no crime.

The mayor led off with the first statement. He told how he had notified each officer that if they had grievances they were to appeal to the chief or night man and then to the mayor. Ever since Mattson had been engaged there had been trouble. The day after the Rodman arrest there was some grievance which was threshed out after all the policemen had been called together. The mayor charged that Mattson had been drinking on duty.

Both Olson and Scott had told the mayor what they knew. He had instructed Olson to tell him of any officer drinking on duty. That particular night Olson had employed Scott as his substitute.

At 12:45 Sunday morning he had been notified by Scott and Olson of the dereliction of Mattson. There was placed before him enough information to warrant the discharge of Mattson. When Mattson was found in the basement of the Citizens State bank building he was fast asleep. The mayor asserted he had been asleep three hours. When Mattson was awakened, he walked unsteadily. He admitted having gone to sleep, said the mayor. The mayor discharged him on the spot took away his star, belt, etc.

Mayor Henning said this was not the first offense committed by Mattson. The first occasion was the grievance when all the officers were called together. Another time was when Mattson was sent to serve papers on C. B. Rowley at Ironton and it was then reported that Mattson was under the influence of liquor.

Mr. Mattson took the floor. He said he could prove that the mayor's statement was wrong. He admitted that he had been sleeping and that he was blurred up when he walked up stairs. He held the railing when he walked up. He said he was at the bank at 12:30. He maintained that he was again on his beat between 1 and 2 o'clock. He was not drunk or intoxicated. He went from the city hall to the National bank. He said Officer Scott and Olson accused him of being drunk. He said he could get witnesses to prove that he was not drunk. He accused the mayor of having had men spotting him.

Alderman Lagerquist asked Mattson if he had ever seen Setula drunk. Mr. Mattson said he never turned in a story on a man that he worked with, not even if he was a negro. Applause greeted this statement.

Mr. Mattson said he had committed no crime. He was willing to let the public know every phase of it. Alderman Smith asked the mayor if he thought it proper for a policeman to sleep.

Mr. Mattson said he did not think he was the only one who had been napping on his beat.

Mayor Henning said Mattson was asleep from 12:30 to 3:30.

Alderman Smith asked if it was proper for an officer to sleep. The mayor said, "Not in the down town section, anyway."

Alderman Smith said if the po-

## ASKS FOR AN INJUNCTION

Special to The Dispatch:

Before Judge W. S. McClenahan of the district court, there was argued in chambers the application of the village of Ironton for an injunction against the Armour No. 1 and No. 2 mines restraining them from closing the north road of Ironton without providing other means of access.

The court allowed an order addressed to the mining company to show cause why the company should not be restrained from closing the road or of providing the relief sought.

The order is returnable April 14 at 4 P. M. and will be heard at Walker. Probably Judge B. F. Wright will hear the case.

Attorney D. B. McAlpine appeared for the village of Ironton. He was accompanied by Edward Krueger, mayor of Ironton.

A MASONIC FUNERAL

Services Over Remains of Robert H. Carr to be Held at 2 O'clock on Tuesday Afternoon

The funeral services over the remains of Robert H. Carr will be under Masonic auspices at Masonic hall

TONIGHT

If you enjoy a dramatic picture with its theme a subject of world wide interest, be sure and see tonight

THE MAN BETWEEN

A two reel play, featuring the noted Warren Kerrigan, which shows that we are the result of environment, good or bad fortune and opportunity, that we are as grown ups, the fruit of our childhood, that because our father was a criminal does not necessarily mean that we will be one.

ALSO TWO OTHER LIVE ONES

Sunday Only

"The First Nugget"

Tells a very human story of the sacrifices made by a young army officer and his wife in caring for a band of Indians who are stricken with a pestilence. The Indians show their appreciation in many ways, one sacrificing his life in a spectacular river rescue. The mystery surrounding a deposit of gold form an interesting portion of the plot. You'll enjoy every moment of this story of generous hearts.

NOTICE: Owing to the great interest being shown in the high quality of our pictures and at the request of many patrons we now operate under a two night schedule—Sunday excepted, when we offer a special program, including the latest news of the world in the Universal Animated Weekly.

Pictures change Monday, Wednesday, Friday and Sunday Nights.

5c and 10c

In the Iron Exchange building and will take place at 2 o'clock on Tuesday afternoon, Rev. G. P. Sheridan delivering the funeral sermon.

A special train will bring all the St. Paul division officials of the Northern Pacific railway. Mr. Carr was one of the best known railway

men in the Northwest, being the oldest engineer in point of service on the system.

He stood high in Masonic circles, being a member of the local Aurora lodge and carrying membership in the chapter and commandery of other cities.

## You Have Nasal Catarrh Not Very Bad, But--- It Bothers You a Good Deal.

Some people have nasal catarrh and know it. Not only the patient knows it, but all of his friends know it. Many people know it that are not his friends. Just those people who happen to meet him in the street car or on the public square.

That sort of a nasal catarrh need not be described. Everybody knows the symptoms without their disgusting recital.

Peruna helps such cases every day. Thousands have attested to this fact unsolicited. Peruna benefits even the worst cases of old nasal catarrh.

But there are cases of nasal catarrh not so evident. One nostril is stopped today. The other nostril is stopped tomorrow. Cannot breathe freely through the nostrils. Easy to sneeze. Mucus in the nose too thick. Sometimes forms brownish lumps. Catch cold easily. Never quite free of a cold. These symptoms describe a case of subacute nasal catarrh. Many people have it, and some who would not admit they have nasal catarrh.

He knows he must blow his nose freely. He remembers that he does not breathe easily through the nose.

He recalls the fact that he sneezes some now, whereas he did not previously.

Subacute nasal catarrh! Or we might call it incipient nasal catarrh. Or, still better, nasal catarrh just beginning and becoming chronic.

Now is the time to take Peruna. A little Peruna will do wonders at this stage of the disease. Snuff a little weak salt water every morning (see "Wills of Life," sent free by Peruna Co., Columbus, Ohio), just enough to clear out the nose. Take a dose of Peruna before breakfast. Hold it in the mouth. Let it trickle down slowly and breathe the fumes of it out through the nose as you swallow it.

This will stop an incipient case of nasal catarrh in a few weeks. Stop it entirely. The nose becomes clear again. The breath is sweet. The breathing free. No more sneezing, or snuffling, or sniffing, or catching cold easily. All of these things are in the past.

An army of men and women have been benefited by Peruna. You might as well become one of the benefited ones as to allow it to go on any further.

## There's As Much Difference In Steam Coals As There Is In Steam Engines

You users of steam coal! You Threshermen!

You should know how much steam—how much power—is developed by the coal you buy. Hundreds are actually wasting money by the shoeful by unknowingly using inefficient coal. Also by not buying their coal direct from the mines.

You can buy coal of guaranteed steam-making power—coal that is guaranteed to develop 13,400 B. T. U.'s to the coal pound with only 9 per cent ash and 9 per cent moisture. (B. T. U.'s are the unit of measuring the heat-producing, steam-making ability of coal.) And you can buy it direct from the mines—direct from us, the mine owners.

## POLICE MATTERS AIRED LAST NIGHT

(Continued from page 3)

licemen were not needed they had better go home and sleep.

Mr. Henning said many officers figured on staying at the hose house.

Mr. Mattson said that notwithstanding all the drinking and napping he had been accused of, there had been nothing pulled off on his beat.

Scott and Mattson debated the butcher shop robbery.

Mattson described the territory his beat had covered.

Scott said he himself had been accused of being drunk and asleep in the Citizens State bank building. He wanted that threshed out. If he had been asleep he wanted the mayor to "fire" him.

The mayor said he could not prove anything against Scott.

Mr. Lagerquist said he had not seen him drunk.

Mr. Gallupe said he had not seen Mr. Mattson drunk or drinking.

Scott mentioned a time when they were putting in prisoners in a cell and Mattson wanted to fight.

Scott mentioned meeting Mattson and a partner who was drunk. He caught up to them at Kaup's butcher shop. He had stepped up to the drunken man and was about to take him and Mattson said, "What are you doing with him, you great big stiff. That's my friend, I'm take him home."

Scott said he wasn't afraid of Mattson and would take off his star and go across the river and fight it out with Mattson.

Alderman Lagerquist thought this an opportune time to close the meeting and the motion to adjourn carried with a rush.

## WILL APPEAL TO SUPREME COURT

(Continued from page three)

the aldermen. Alderman Mahlum wanted the money put in the current expense fund. To the city attorney was delegated the question of looking up the status of the point raised.

Alderman Mahlum read a list of each bank, of each bank's capital the securities and bonds given by stock and surplus, and of the personal taxes paid by each and to the council was left the settlement of how the city funds should be divided for deposit. On motion the old plan was adopted, that of 40 per cent in the First National, 40 per cent in the Citizens State bank and 20 per cent in the Brainerd State bank.

The aye and nay vote stood: For the old plan, Alderman Mahlum, Stallman, Peterson, Anderson, Gallupe and Laerquist. Against the old plan, Aldermen Smith, Hess, Betzold and Haake.

Alderman Mahlum said that in taxable personal property the First National bank had a percentage of 67 per cent of \$118,300; the Citizens State bank 17 per cent or \$30,400; Brainerd State bank 16 per cent or \$27,000.

In capital and surplus the First National had \$100,000 or 64 per cent; Citizens State bank \$29,000 or 19 per cent; Brainerd State \$27,000 or 17 per cent.

Carrying bonds to protect the city deposits the First National had in municipal securities \$49,150; Citizens State bank \$68,000, being old bond of \$18,000 and new personal bond of \$50,000; the Brainerd State bank \$31,000, being old amount of \$16,000, surety bond \$10,000, municipal bonds \$5,000.

Alderman Mahlum spoke of the \$5,000 suit against the city for the defective ravine sewer in Northeast Brainerd and recommended that planking from the bridge be used to repair the same. The city engineer and sewer committee were ordered to look over the old sewer.

## "All is Well That Ends Well"

Along with dyspepsia comes nervousness, sleeplessness and general ill health. Why? Because a disordered stomach does not permit the food to be assimilated and carried to the blood. On the other hand, the blood is charged with poisons which come from this disordered digestion. In turn, the nerves are not fed on good, red blood and we see those symptoms of nervous breakdown. It is not head work that does it, but poor stomach work. With poor thin blood the body is not protected against the attack of germs of grip—bronchitis—consumption. Fortify the body now with
